ANATOLIA COLLEGE

EXTRA-CURRICULAR PROGRAM

2015-2016
The members of the Student Services Office would like to express their appreciation to all the teachers and volunteers who offer clubs, thereby continuing an Anatolia tradition that began in 1886. We thank them for their time, energy and devotion.

This year Service as Action will be put into full implementation through the MYP program. The Student Services office has devoted much time and energy into the implementation of this program. There will be clubs that focus specifically on Service as Action as well as many clubs that have a Service as Action component. They are listed in the booklet as SaA.

Service as Action is used to promote a sense of community and civic responsibility in the younger generation. Students are encouraged to take action to change something for the betterment of society.

Students should always listen to morning announcements and keep an eye on the club notice boards around the school to check on the times and meeting places of the clubs listed. If you have any questions, do not hesitate to check with the Student Services Office.
ART BOOKS
This is a place for students to make their very own art books. Each week participants will make artwork in response to a theme. Any amount of artistic ability is welcome to join. Whether students like painting, drawing, cartoons, photography or storytelling, this is the club for them. At the end of the term, students will have a chance to showcase their art books to the rest of the school.

SaA: Students will showcase their art books to their peers at Anatolla as well as other schools and institutions.

ARTS AND CRAFTS
Introduction to basic crafting and painting skills, including using water-colors and oil paints. Students will also work with three dimensional materials.

SaA: TBC

FABRIC PAINTING
Students will learn to paint on fabric and make scarves, t-shirts, pillows, and whatever else they want! It’s an easy technique and no talent is needed to learn it. Just have passion for creativity and be in a good mood!

SaA: Bazaars and other charity organizations.

FASHION CLUB
Students will learn the basic elements of fashion design so they can learn how to design and make clothes.

JEWELRY CLUB
You get to create your own Jewelry! This jewelry can be sold in the Christmas Bazaar. After Christmas, you can create Easter candles that will be sold to raise money for the Intercultural school.

SaA: The money made from the Bazaar and Easter drive will be used to buy a computer for the Intercultural school. The students will deliver these at a special event.
POTTERY

Pottery, aka ceramics, combines both the craft of making functional items, such as cups, bowls, etc., and an art form: sculpture. We will explore both areas in this club.

SaA: Show the less fortunate children how to create pottery.

GAMES

CHESS

Chess Club activities include: Teaching beginners the rules of chess, optionally dealing with chess exercises of gradual difficulty, freely playing chess with peers, organizing an in-school chess tournament, and forming teams to represent our school at national tournaments. All chess beginners are strongly encouraged to discover a fascinating mental game!

SUPERHERO FUN CLUB

By using comic books, novels and movies, students will become familiar with their favorite superheroes. They will form teams and sketch their own comics.

HUMANITIES

COOKIES AND CONVERSATION

Yes, we have cookies! Come practice your English skills by talking to American Fellows, International ACT students and other guest speakers while snacking on cookies. We will discuss global issues and cultures while offering occasional out of school service opportunities that students can collaborate on.

We want to hear from you, so come ready for a snack and ready to speak out!

COOKING

We will explore the world of taste by cooking (and eating!) both Greek and international dishes. Yum!

SaA: Students will make delicious products for the Christmas Bazaar.
DEUTSCH CLUB

Advisors: K. Goula  
M. Papatheohari  
N. Tsianti  

Forms: 1-5  
Day: A1: Wednesday  
Place: NR 1  
A2: Wednesday  
Place: NR 7  
B1: Wednesday  
Place: NR 8  

Students will become familiar with German Culture. They will help with Christmas Bazaar preparations by making German food, “gluhwein” and cookies. They will also help organize the trip to Germany (open to 3rd formers only). The final goal will be the FIT 1 and FIT 2 exams of the GOETHE Institute.

SaA: Bazaar

DEVELOPING OUR #SELFIES

Advisors: M. Akritidou  
R. Levy  
C. Lagogianni  

Forms: 1-6  
Day: Thursday  
Place: White Hall 3 & 4  

Did you know that building yourself leads to connecting with others? Come be a part of this safe space, which focuses on topics such as self-awareness, self-identity, self-esteem, social skills, and many more! This club will give you the opportunity to learn more about yourself while also helping you improve your friendships and social connections.

SaA: Self Esteem awareness campaigns

FILM & CULTURE

Advisor: V. Tantanozi  

Forms: 1-3  
Day: Friday  
Place: Library AV Room  

Cinema can be a window to the world. What we see on the screen influences our view of other people and other cultures as well as race and gender. We will watch a number of fun and exciting movies from different parts of the world and we will also talk about the cultural and historical information that these movies communicate to their teenage audiences.

INNER TRAVEL CLUB

Advisor: E. Tsatsou  

Forms: 4-6  
Day: Thursday  
Place: Mac 310  

The Inner Travel club will lead students to a deeper understanding of religious studies by studying sacred texts and visiting sacred places around the world. Students will take a personal journey of meaning by experiencing the mystery of the “Sema Sufi ceremony” in Iconium, taking religious meditation tours in Bhutan, or visiting Metora’s Mystical Mountain Monasteries. This club will help you learn more about yourself and other cultures.
PEER MEDIATION

Mediation is about helping people resolve their disagreements. This new club will be based on group activities and will teach students skills for resolving conflicts. Students interested in becoming peer mediators for the school should participate in this club and also anyone with in law, political science, or humanities.

SaA: This club helps students to develop skills in conflict resolution and to work towards restorative justice, thus becoming citizens of a peaceful, civilized, and democratic society.

SUSTAINABLE BUSINESS IN A SUSTAINABLE WORLD

The pursuit of the sustainable development of the human race requires that attention be given to the interactions among the environment, society, and the economy. The goal of this club is to help towards educating students who are future entrepreneurs and economic policy makers in establishing businesses which are economically sustainable, environmentally sound, and socially responsible. We will utilize presentations, application and product development, special lectures, and individual research. Hopefully, by the end of the year, we will present our work in our own website: N.G.S.B—New Generation Sustainable Business.

SaA: 1. Volunteering activity at a farm to build a fence with plastic bottles as a cheap alternative to bricks, 2. Working at school bazaars (help with selling, 3) Volunteering in the renovation of the public horse-riding area.

PUBLICATIONS

ΔΟΚΙΜΕΣ

For this Greek-language literary publication, students use their imagination and talent to express themselves on the topic of their interest. Students may submit poems and prose, and those with artistic talent are invited to submit their drawings for the cover page and inside pages of ΔΟΚΙΜΕΣ 2016 Students will regularly meet with club advisors to discuss their work.

GREEK LITERARY CONTESTS

Students interested in participating in Poetry or Prose Contests are welcome to submit their work. Announcements will be made before certain due-dates.
**InFOCUS**

Would you like to be involved in bringing Anatolia’s lesser known stories “in Focus”? Do you have strong opinions on changes taking place on campus, in Greece, or in the world? Do you have an interest in publications and active journalism? This club is for aspiring young journalists, who will follow current events, write articles, take interviews, design, and produce the school’s English newspaper. There will be general meetings but students will also be working on duties as assigned. There will also be an online blog component.

**PEGASUS**

Pegasus is the shared name of the school’s lit magazine and creative writing club. The club is open to anyone who wants to write in English—no matter what you are interested in writing. Meeting weekly, students are encouraged to observe the extraordinary in our ordinary lives. So come to the meetings prepared to write about the odd habits of friends and strangers, and create characters that don’t resemble anyone you know. By the end of the year, you should have at least one piece of writing to submit to the literary magazine.

**YEARBOOK 2016**

The meetings will be organizational in nature. Students will work individually and in groups, preparing different sections of *The Anatolian*, our yearbook. All students who are interested in publications, writing, and photography are welcome.

**SCIENCE, DISCOVERY, HEALTH, TECHNOLOGY**

**BEAUTY & CHEMISTRY**

If you want to become even more attractive and learn how to eat healthy, you should join us. In this club, students will learn healthy eating tips, and the basic rules that will help you make your own diet. You will create your own perfume, soap and natural, fresh cosmetics.

SAA: Students will make hand soaps and hand creams for the bazaar.
BIOLOGY

Students will acquire basic knowledge on DNA function, heredity, and microscopy. Moreover, they will be initiated into plant biology, biotechnology, and bioethics. Sessions will include laboratory work, interviews, and team research.

CODING CLUB

A fundamentals first introduction of basic programming concepts followed by object-oriented programming in Java.

COSMETICS CLUB

Join the club to explore the amazing world of cosmetics! Using your knowledge and creativity you will make your own cosmetics (perfumes, hand creams, body lotions, soap) and through hands-on activities you will also understand the basic principals of chemistry.

SaA: Club members will visit Agios Dimitrios and collaborate with the children to prepare cosmetics for the Christmas Bazaar.

ECOLOGY

This club aims to bring together students that enjoy nature and are interested in ecology, evolution, zoology, botany, and anything else dealing with life and the outdoors. Through school and community based projects students will seek to increase awareness of environmental issues and take action to make a positive impact. The Club will also organize visits to various places of environmental interest and participate in national and European projects.

SaA: Students will work on various community environment projects.

EUSO

This club prepares students for the PanHellenic Science Lab Contests. Subjects include Physics, Chemistry, and Biology.
FIRST AID

Members learn basic first-aid skills which can be applied to help someone in need of assistance and even save a life.

FIRST AID IN ACTION TEAM

You will be the first students who will take part in this new exciting Action Team! You will get to learn the basics of first aid and then be a member of the First Aid Response team at school events. You can learn how to save someone in need and prevent disaster. This club is great for students who want to be in the medical or paramedic professions, and we highly encourage you to join.

SaA: Students will learn how to be caregivers and help at school functions as first aid team members.

MATH AND LOGIC

The Math and Logic club deals with studying various mind puzzles and riddles, primarily ones that have already been played at the mathematical and logical thinking contest that our school established in 2011. Emphasis is put on logically deconstructing the puzzles, categorizing them, and solving them.

MATHEMATICS & THE GREEKS

How did the Ancient Greeks shape modern Mathematics? How have the Ancient Greeks contributed to our society? This club will evaluate the Greek legacy, read famous Greek biographies, and watch math movies. There will also be Skype overseas exchange culture sessions.

MATHEMATICS 1 & 2

Math 1: Graphical illustrations of Cartesian equations functions with all the necessary theories. We will study straight lines, circles, parabolas, ellipsis, and hyperbolas. We will use Graphmatica software and notes will be distributed.

Math 2: Elements of combinatorics (technics for efficient counting). We will examine configurations and assemblies (with or without repetition), binomial coefficients, the binomial and polynomial theorem, the principle of confinement-exclusion and many more. Notes will be distributed.
MEDICAL MYSTERIES

This club aims to bring together students who are interested in the biological aspects of disease. Through simulations and games, students will learn the cause of diseases and how to distinguish between them. The Club will organize visits to various places of medical interest, organize events with specialists and participate in national and European projects.

SaA: Students will run awareness and antidiscrimination campaigns in the school and take action to make a positive impact.

SCIENCE & TECHNOLOGY

The aim of the club is the creation of an electronic newspaper in cooperation with a school abroad. Students will initially research which school they want to cooperate with and continue with the design and enhancement of the content of the school newspaper. Lastly, they will submit the description of the work that they did, in the form of a submission in the Humanities section of the ACSTAC tournament.

TED-ED ANATOLIA

TED-Ed is a flexible, school based program that supports students when discussing, pursuing, and presenting their ideas in the form of short TED-style talks.

COORDINATOR: H. Samara

OGC: S. Kyriakidou, V. Zacharopoulou

Students in this club will work with teacher mentors to help prepare their presentation for the Anatolia College Science and Technology Annual Conference in March.

**ASTRONOMY CLUB**

Come to the Astronomy Club to learn about the mysteries of the universe and cosmos! Students will prepare to participate in the International Astronomy Contest later in the year. No prior experience with or knowledge of Astronomy is required, simply an interest in learning about all celestial objects!

**CULTURAL & ENVIRONMENTAL RESEARCH AND EXCURSIONS**

Students will meet to discuss research plans and organize excursions to various cultural places of environmental interest. Only students who regularly attend the club meetings will take part in the excursion to Copenhagen.

SaA: Students will work closely with UNICEF on various projects throughout the year.

**GO GREEN**

The members of this club will spread the idea of “Going Green.” They will take part in several activities, projects and presentations to promote environmentally friendly and sustainable activities.

**i-GEM/BIOLOGY (International Genetically Engineered Machine)**

Students will experiment with synthetic biology, build simple biological systems from standard interchangeable parts and operate them in living cells. The best students will be selected to represent the school at the International i-GEM competition.

**STEM at NASA**

The members of this club will participate in several projects examining scientific, technological and mathematical aspects. They will also learn how to ask and answer some of the important questions regarding the above fields.
SERVICE AS ACTION

DORM TUTOR

Become a tutor to students in the Dorm. Teach them how to develop proper study skills and encourage students to study effectively. Tutors will be asked to tutor 1-2 hours per week.

Forms: 4-6
Day: Mon/Tues/Wed/Thurs
Place: Dorm

GENDERISMS/ΦΥΛΛΟΛΟΓΙΣΜΟΙ

Genderism or ΦΥΛΛΟΛΟΓΙΣΜΟΙ is a club created by students interested in exploring gender issues. How do you understand the role of a woman? The role of a man? Come and learn how to conduct a sociological research on matters that concern your daily life as adolescents. There will be collaboration with London high-schooler & exciting talks by professors abroad.

Forms: 1-3
Day: Thursday
Place: Riggs 11

FIRST FORM SERVICE AS ACTION

Service as Action Club is designed to introduce the concept of service learning to the first form students. Different topics of issues in the community will be discussed in depth provided with examples of what Greek organizations are doing to take action. This will show you what you can do to take action. Students will be encouraged to partner with community projects they are passionate about. This club will call upon first formers to become ambassadors of their community as they will promote awareness and engagement in others.

IN-ACTION

It’s high time we got involved actively in our society and participate in our city’s social actions. Through research, we will investigate the crucial issues of today’s world and prepare actions to try to overcome these issues.
STUDENT INITIATIVES CLUB

Advisors: C. Johnson  
D. Starfield

Forms: 1-6

Day: Thursday

Place: Riggs 12

Students are invited to discuss and develop leadership and entrepreneurship skills. We will conduct self-exploration activities to find out what kinds of leaders we are and discuss our motivations and passions. Finally, we will use these newfound skills to identify opportunities for change and facilitate them on Anatolia’s campus.

STORYTELLING

Advisors: V. Tantanozzi  
Y. Riga

Forms: 1-6

Day and Place: By appointment

Students will read literary pieces, short stories, short books to kindergarten students, pre-k, students, and elementary students. They will also read to adults in hospitals and nursing homes.

PEACEJAM

Advisors: C. Johnson  
D. Starfield

Forms: 2-3

Day: Friday

Place: Riggs 11

Founded by 13 Nobel Peace Prize laureates, PeaceJam is a global campaign aimed towards developing leadership skills among youth volunteers and enabling them to create positive change. Each week the club will meet to discuss important global issues and strategize ways to address them within the Anatolia community. Join our very first team of PeaceBuilders and start making a difference!

SOUP KITCHEN

Advisors: A. Harrison  
D. Starfield

Forms: 4-6

Day: Saturday Mornings

Place: Local Churches

Students will help at different soup kitchens in the city. By being partnered with organizations near to where each student lives, the Soup Kitchen Club offers a convenient way for our students to connect with neighbors in need as well as community leaders in personal and meaningful ways.

WELFARE

Advisors: T. Papaloannou

Forms 4-6: Thurs  
Kyrides 13

N. Tsapatsaris

Forms: 1-3: Mon  
Riggs 11

This extra-curricular activity aims to provide those involved—students and faculty—with a social consciousness that will drive them to think about their presence and role outside this college on a local, national and international level. We will get involved in our community in a variety of ways, including visiting several organizations that help those less fortunate than we.
COMMUNITY ENRICHMENT OFF CAMPUS OPPORTUNITIES

Are you looking for opportunities to get involved in your community? Come to the Service Learning Desk in the US College Counseling Office to find out specifics about different opportunities. Service Learning is a wonderful way to learn more about what is going on in your community along with great personal experiences that will help you find your passions. Below you will find listed a few popular organizations we partner with that you could get involved with and volunteer your time.

Medicine

Antirida - Papageorgiou Hospital: The association of Antirida has been created in support of the Papageorgiou General Hospital’s patients and their families. Volunteers help in welcoming and supporting patients or members of their families, facilitating communication and undertaking administrative or recreational responsibilities.

Agios Dimitrios: Agios Dimitrios is a public legal entity, supervised and sponsored by the Ministry of Health, which provides close care and education for children and young people. Located within walking distance from the school campus, the Institution offers our students the opportunity to participate in the afternoon volunteers’ program. This involves working and socializing with young people with special needs, organizing and participating in activities and creating valuable interpersonal relationships.

Frontizo: Frontizo is a nursing facility which focuses on providing its residents with an interesting, motivational, and peaceful lifestyle. Volunteers will be responsible for socializing with the elderly and leading activities like gardening and dance classes. Performers are also welcome, and are always a huge highlight for the residents!

We also have relationships with organizations working with Animal Welfare, Environmental Sustainability, Refugee help, Anti-bullying causes and many others.

If you choose to become involved in off-campus service projects, we will ask you to keep a log of your hours accompanied by a short reflection of your experience at the site. We will meet biweekly on the first and third Thursday of the month to complete any necessary training, review how your service placements are going and to share experiences.

Please come by soon so we can find something that fits you!

ADDITIONAL EXPERIENCES

Advisors: A. Kotsi, C. Johnson
Forms: 1-6
Day: Mon/Tues/Wed/Thurs/Fri
Place: US College Counseling Office

Internships: A work-related experience, developing hands-on experience in occupational field. Some examples include: Sciences, Medical Related, Business and Marketing, etc.

Mentorships: A supportive relationship established through which a professional shares with a student first hand his/her knowledge, skills, and experiences. Some examples include: Engineering, International Relations at local Consulates, etc.
PERFORMING
FORENSICS
Public Speaking Activities in English
Forensics Directors: L. Andoniou, P. Pappas

DEBATE

Students will develop their debating skills and learn the parliamentary style of debating. All debaters will prepare for the PanHellenic Forensics Tournament, researching and debating topics of current interest. Some debates will be impromptu. The nine best debaters will be selected to debate in the Forensics tournament. There will also be opportunities to debate in Athens in competitions in November and April.

DUET ACTING—DRAMATIC AND COMIC

Students will attend acting workshops and will then be coached in a two-person scene. Club meetings will commence beginning of October and will last for the whole month. Then students will make individual appointments with their advisor and coach(es).

GROUP DISCUSSION

Students will experience the ultimate in idea-sharing. They will research a topic and then share their ideas in an organized discussion.

IMPROMPTU SPEAKING

The impromptu speech is a two-to-three minute speech on a topic unknown to the contestant until immediately before his/her performance. (It's fun!)

ORAL INTERPRETATION

“Dramatic Oral Interpretation of Literature” is the activity that involves reading out-loud a piece of literature that is dramatic. Learning to read a piece dramatically involves using one’s voice to convey the meaning and mood of the text. This activity will give you the rare opportunity to deeply understand the beauty and power of literature in a personal and meaningful way for you in collaboration with your coach.

This club is about reading funny literature aloud. Together with your coach, you will choose a piece of writing and develop skills to bring out the humour and originality in the language to entertain your listeners.

SaA: Students will read short books to students in the elementary schools, please see Page 13 - Storytelling.

ORATORY

Students write and deliver speeches on topics of their own choosing, building up to a memorized speech of about 8 minutes.

GREEK FORENSICS

Public Speaking Activities in Greek Tournament organized by Anatolia: Jan. 23-25, 2016
Forensics Director: L. Zourgou

GREEK IMPROMPTU SPEAKING

Students will learn the art of impromptu speaking: they will exercise quick wit, originality of ideas, and logical coherency by presenting a two-three minute speech on a topic unknown to them until immediately before their performance. They will practice on a weekly basis and then form the school’s team to take part in the Greek Forensics Tournament.
GREEK FORENSICS TIMEKEEPERS

The Greek Forensics Tournament is a big event and you can be part of it by joining the Timekeepers’ club. You will be introduced to all the Forensics events and become informed of all the responsibilities a timekeeper has. Once you get to know the basics, it’s guaranteed fun! Perhaps at the end of the tournament you will even be voted “most helpful timekeepers”!

SaA: The timekeepers will help with the elementary school Forensics tournament and Greek Forensics.

GREEK ORATORY

Each student prepares, in a short amount of time, a speech of a topic of broad interest. The student delivers the speech with the aid of the notes s/he has prepared.

GREEK ORAL INTERPRETATION

Love literature and performing? Do both! Under the guidance of a teacher, students will learn to interpret a selected piece of Greek literature that they will present at the Greek Forensics Tournament.

SaA: Students will read to students in the elementary schools, please see page 13—Storytelling.

GREEK RHETORIC DEBATE

Club members will first obtain information on an issue of general interest. Students will then work in groups and, following the rules of dialectic, will try to convince members of the opposing team of the accuracy of their positions. The best teams will compete in Greek public speaking activities.
**MUSIC**

**CHORALE**

Students will become members of a vocal ensemble. They will perform songs both from the international and the Greek repertoire. They will also support theater shows as well as in-school happenings.

**Advisor:** O. Stefa  
K. Katsos  
S. Francis  

**Forms:** 1-6  
**Day:** Mondays  
**Place:** Music Room

---

**BAND OF BANDS**

Together, we will try to understand what it means to play in a band, find out how you can improve your playing and even form a band to perform in major Anatolia College events. Find out how to make interesting covers of your favorite songs or even try to write and arrange your own original music creations.

**Advisor:** K. Katsos  

**Forms:** 2-6  
**Day:** Wednesday  
**Place:** Music Room/ Tracy

---

**MUSIC APPRECIATION**

Students will listen to various music to improve their appreciation for music and discover new types of music. There will be discussion about the creation of certain pieces of music. Students will match up music with photographic images as well.

**Advisor:** V. Krimnianloutis  

**Forms:** 1-6  
**Day:** Thursday  
**Place:** Mac 314

---

**ORCHESTRA**

Students will form an instrumental ensemble. They will perform works from the classical repertoire. They will also support in-school happenings.

**Advisor:** O. Stefa  

**Forms:** 1-6  
**Day:** Wednesdays  
**Place:** Kyrides 13/Music Room
OTHER PUBLIC SPEAKING ACTIVITIES

EUROPEAN YOUTH PARLIAMENT

Advisor: E. Varakliotou
Forms: 4-6
Day: Monday
Place: Macedonia 221

Members will work with two goals in mind: (1) to increase awareness of the European Community among Anatolia’s students; (2) to prepare for the various selection phases prior to the national competition in December in which delegates are selected to represent Greece at the next international session.

FIRST FORM FORENSICS

Advisors: S. Francis
M. Rawleigh
Forms: 1
Day: Friday
Place: Riggs 15

The First Form Forensics Club will introduce you to the basic dramatic skills that you need to use in Forensics activities, including duet acting, oral interpretation, impromptu speaking, and oratory. You will learn how to use facial expressions, gesture, body movement, and your voice as dramatic tools and have a lot of fun while at it! You need to like acting, speaking and movement. We will organize a performance for the end of the year.

JUNIOR ENGLISH DEBATE

Advisor: E. Kostopoulou
Forms: 1-2
Day: Wednesday
Place: NR 9

Students who join the Junior English Debate Club will be introduced to the art of debate, which is essentially a discussion between sides with opposing views. They will practice their skills in active listening, critical thinking, and public speaking, as well as learn to accept and evaluate others’ opinions. Finally, they will become familiar with the basic debate rules as outlined by the Pan-Hellenic Forensics Association.

MODEL UNITED NATIONS CLUB

Advisors: P. Derluyn
R. Stamati
Forms: 3-6
Day: Tues/Wed/Thurs/Fri
Place: Mac 218

The MUN-club welcomes students interested in the workings of the United Nations and the “life” of a diplomat. Students do research in an area of global importance and learn about the interests and commitment of different countries. Workshops on composing resolutions and amendments, addressing fellow delegates, and on how to be a diplomat (delegate and/or chair), etc. will be organized. Regular attendance for students interested in participating in any of the conferences abroad is required! There will be separate meetings for 3rd formers and Lykeion students, so listen carefully to the morning announcements.

PERFORMING ARTS

DRAMA

Advisors: A. Klonaris
O. Stefa
C. Douris

Forms: 4-6
Day: Wed/Thu/Fri
Weekends
Place: Raphael Hall

This club is for all aspiring actors and actresses and for those with musical or dancing talent. Students will also be needed to help backstage. A lot of fun and a lot of hard work. The Chorale section of Drama will meet on Fridays.

GREEK DANCE

Advisors: G. Antoniadou
C. Atlasis

Forms: 1-6
Day: Tuesday
Place: A’ Side Gym

Club members learn traditional Greek dances and then participate in various events in and out of the school.

SaA: Club will perform in events (celebratory or not) organized by community groups: elderly care facilities, rehab centers, etc.
GREEK THEATER

Advisors: T. Fotiades

Forms: 1-6

Day: Wed, Sat

Place: Pappas Hall

Students will learn basic preparation for theater performance (relaxation, breathing, movement) and then rehearse for a theatrical production. A spirit of cooperation and team effort is cultivated among the students and toward the directors, a feeling that is passed on to the spectator.

JUNIOR DRAMA

Advisors: E. Zika

Forms: 1-3

Day: Wednesday

Place: Mac Art Room

This club is for all second and third formers interested in beginning the study of dramatic theater. The students will put on a play at the end of the year.

SaA: Performance at Social Welfare Institution

JUNIOR GREEK PLAYERS

Advisor: D. Kyriaki

Forms: 1-3

Day: Monday

Place: Riggs 12

Calling all Gymnasium students who love theater and performing! We'll play acting games, rehearse skits, and have a lot of fun—in Greek! Discover your inner self and build self-confidence. We'll also organize a performance for the end of the year.

MODERN DANCE

Advisors: I. Kazantzi

Forms: 1-6

Day: Friday

Place: Dance Room

This club will teach students all kinds of popular dances — Latin, waltz, etc. Students will learn the background and basic steps of various dances and eventually master more complicated moves as the year progresses. No experience necessary. If you like to dance, you'll love this club!

SPORTS EXERCISE

3 ON 3

Advisor: M. Stamoulos

Forms: 1-3

Day: Friday

Place: A' Side Bask. Courts

Girls and boys will have the chance to form and name their own teams and participate in an in-school basketball tournament. There will be many shooting competitions.

7 ON 7

Girls and boys will have the chance to form and name their own teams and participate in in-school soccer tournaments.

**Advisor:** K. Zlatanos

**Forms:** 1-6

**Day:** Friday

**Place:** A' Side Soccer Field

---

AMERICAN SPORTS

Learn how to play American sports such as American football, in the fall, and baseball, in the spring. We will also play games such as ultimate Frisbee and Capture the Flag. We hope to take participation out into the community.

**Advisor:** M. Rawleigh

**Forms:** 1-4

**Day:** Wednesday

**Place:** A' side Field

**SaA:** Teach members of the Thessaloniki community how to play American Sports.

---

JUDO

Students will learn the basic skills involved in Judo. Those who have some experience will be able to earn the “belts” of their levels. Whichever category you fit into, one thing is for sure: Judo is a fun, safe form of exercise that all can enjoy!

**Advisor:** TBA

**Forms:** 1-3

**Day:** TBA

**Place:** Dance Room

---

PING-PONG

This club is for students who would either like to learn how to play ping-pong or are interested in developing their already existing skills. We’ll work on strategy, technique, and go over official game rules.

**Advisor:** TBA

**Forms:** 1-6

**Day:** TBA

**Place:** Outside Gym

---

TABLE SOCCER

Known as SUBBETEO in the old times, this club brings the magic of Sports Table Football to Anatolia; a game for girls and boys, a game of skills and sportsmanship. All students will train to become skilled players and will join the International Federation FISTF through the Hellenic Federation. An Internal Anatolia League will be organized and, upon building a solid team, we will participate in National and International Tournaments. So, join and flick!
**TENNIS**

This club is for students who would like to learn how to play tennis or improve their tennis skills. Club members may participate in different categories in the school tennis tournament.

**ZUMBA**

A total workout, combining all elements of fitness—cardio, muscle conditioning, balance, and flexibility, boosted energy and a serious dose of awesome each time you leave class.
## TEAMS

### SPORTS TEAMS

**Advisor:** S. Kapnias  
**Forms:** 1-6

Students participating in Anatolia Sports Teams (Gymnasium and Lykeion) should attend the meetings that will be announced in the morning assemblies. Participants will be selected by the following coaches and escorts:

26
The IB organizes a number of activities that comprise part of IB students’ CAS (Creativity/Action/Service) program, a compulsory core module within the IBDP. Satisfactory completion of CAS requires engagement with a variety of activities, and evidence of achievement of specific learning outcomes. Most of the CAS activities take place after school and at times that IB students agree upon every year, in cooperation with their CAS advisor(s). Due to the complex nature of CAS and the considerable demands that the IBO asks of students in relation to their CAS program, the number of places is limited. Lykeion students would be welcome to join some of the activities described below, although applications will be accepted subject to availability of places.

1) Anagnosti Rehability Center
   Activity leader: A. Pyrovetsi

   Volunteers will work and participate in sports activities, organize painting or arts and crafts workshops and socialize with patients who have mobility disabilities and are rehabilitating. Students are encouraged to bridge the gaps between ideals and reality and become responsible adults and caring citizens. Those joining the activity will visit the center at N. Raidestos once a week and engage in any of the activities available.

2) Arsis
   Activity Leader: I. Michallidou

   ARSIS is a non profit organization that aims towards helping and supporting refugee children and young adults or young people coming from a less privileged family background. All members of the staff and volunteers conscientiously help these children in many ways: counseling, problem solving, assisting in homework, career counseling, finding shelter, legal support etc. Languages needed: Greek, English, Albanian, Bulgarian

3) Blind School Project
   Activity Leader: V. Manitakis

   The aim of the club is to organize various projects with or for the Blind School of Thessaloniki. In the past our students have helped the School of Blinds to transfer various book in digital format. The digital format made the books more accessible to Blind School students. The books were literary books or course books from the Greek Lyceum. This year the aim of the club is to expand the nature of the projects, for example to raise funding and to organize common activities between our students and the students of the Blind School.
4) **Company Program: Inspire Success Through Real Business Experience!**

Activity Leaders: A. Lionta, A. Pyrovetsi

The Company Program provides real experience in business enterprise. It is an excellent opportunity to try out setting up and running a business. Students form a mini-corporation under the guidance of volunteer business advisors. Through a variety of hands-on activities, from exploring a mission for the company to producing and marketing products, students become familiar with business and entrepreneurship content, while enhancing their innovative thinking. With regular meetings held on a weekly basis, students go through the aspects of company formation, accounts, business planning, sales and marketing, up until liquidation. Student companies participate in National and European Competitions and Trade Fairs.

5) **Social Welfare Club**

Activity Leader: A. Harrison

Students will participate in self-initiated activities aiming at raising awareness as well as funds for organizations in need. Students can use existing skills or try to develop new ones in order to support these activities. New ideas are welcome, while some of last year’s successful projects were International Food Day, Valentine’s Day etc.
Club Information

Students should always listen to morning announcements and keep an eye on the club notice boards around the school to check on the times and meeting places of the clubs listed. If you have any questions, do not hesitate to check with the Student Services Office.

A club member must attend weekly meetings and be an active participant. By November 14th you must choose which clubs you want to be a permanent member of. Please tell the club advisor you would like to be a permanent member of his/her club and discuss your responsibilities with him/her. There may be a maximum number of members allowed in certain clubs; therefore, it would be wise to tell the club advisor of your choice as soon as possible.

Club advisors award certificates to their members at the end of the year. Active members of each club will receive a club participation card and those who go above and beyond the club’s requirements will receive a certificate of excellence. The certificate of excellence will be given at the end of the year at a special ceremony during morning assembly and certificates of participation will be given to you by your club advisor at the last club meeting.

Attendance will be taken at all club meetings.

Extra-curricular awards are given to deserving 6th form students at the Commencement Ceremony. They are selected on the following criteria:
- Depth of involvement and quality of achievement
- The number and range of activities: attendance, the number of years in a particular club or clubs, and the number of clubs
- Cooperation and interaction with fellow students and faculty advisors

Service as Action is based on the MYP Program. Students in forms 1—3 are required to participate in 3 different categories of SaA and record their reflections on the computer program ManageBac. The 3 categories are as follows:
- Curriculum Based: Service as Action through the curriculum
- School Oriented (In-School): Attend at least one club with a Service as Action component
- Long Term: A 4 month activity organized by homeroom advisors
FIRST FORM CLUB PARTICIPATION PROGRAM

1. Club Participation Card
   Each student will receive a club participation card to which he/she must attach a photo. This card is to be kept in a plastic folder and the student must always carry it with him/her. The card must be handed to the Student Services Intern by December 12th completed with 18 signatures and again by April 3 completed with 36 signatures. Make sure that your card is clean and clearly written, and that signatures are put exactly in the space provided by the advisors. In October students will receive a Club Booklet with a listing of all the clubs. It is important that students listen to the morning announcements for details and read the bulletin boards.

2. Requirements
   A. Clubs are divided into 4 categories:
      • Performing Arts: Forensics, theater, music, Greek dance, etc.
      • Sports
      • ESCAPE: Environmental, Science/Social, Creativity, Arts, Publication and Education Clubs.
      • Service as Action: 1st Form Service as Action Club, Welfare Club
   
   B. Students should attend a variety of clubs until November 14th to determine which clubs they want to be a permanent member of. After November 14th, students should regularly attend the clubs they want to be members of. Attendance will be taken.

   C. When a student attends a club meeting he/she must stay for the whole hour. Students are not allowed to attend 2 clubs during one big break.

   D. Students should politely ask for signatures at the end of the hour. They should make sure their cards are completely filled and are signed by the advisor. Signatures from the advisors of the intramural games count as part of the sports requirement. Parade practices and student council meetings do not.

3. Counseling
   Ms. Proestopoulos, Ms. Kyriaki and Ms. Francis, the S.S. Fellow, will meet with students the second week of school to explain the program. Ms. Kyriaki and Ms. Francis will meet with all students individually by the beginning of October and once again in November. They will make frequent visits to classrooms to make sure students are following the program.
Students should always listen to morning announcements and keep an eye on the club notice boards around the school to check on the times and meeting places of the clubs listed. If you have any questions, do not hesitate to check with the Student Services Office.
