ANATOLIA COLLEGE

EXTRA-CURRICULAR PROGRAM

2012-2013
The members of the Student Services Office would like to express their appreciation to all the teachers and volunteers who offer clubs, thereby continuing an Anatolia tradition that began in 1886. We thank them for their time, energy and devotion.

The Summer Programs Office and the Student Services Office have joined forces to help students get a preview of the summer program they are interested in and actually prepare for the experience.

Opportunities for Summer Program Clubs focus on the areas of math, biology, physics, theater arts and crafts, Spanish, environmental studies, engineering, dance, journalism, writing, pre-medicine, and more.

Read the club descriptions to find which clubs are associated with summer programs. If a club that you are interested in is not presently matched with a summer program, contact the US College Counseling Office and they will try to find a summer program for you.

**CONTENTS**

- ESCAPE
  - ARTS AND CRAFTS: 3
  - COMPUTERS: 3
  - GAMES: 4
  - HUMANITIES: 5
  - NATURE AND HEALTH: 6
  - PUBLICATIONS: 7
  - SOCIAL AFFAIRS: 8
  - STEM: 9
  - ACSTAC: 10

- Performing
  - FORENSICS: 10
  - OTHER PUBLIC SPEAKING ACTIVITIES: 12
  - MUSIC: 16
  - PERFORMING ARTS: 17

- Sports
  - EXERCISE: 18
  - TEAMS: 19

Students should always listen to morning announcements and keep an eye on the club notice boards around the school to check on the times and meeting places of the clubs listed. If you have any questions, do not hesitate to check with the Student Services Office.

**US COLLEGE COUNSELING OFFICE ENRICHMENT PROGRAMS:** 22

**SPECIAL IB PROGRAMS:** 24
ESCAPE

ARTS AND CRAFTS

COMIC STRIP
What comes first in comic strips, the pictures, or the words? Join this club to learn the answer. We will analyze famous comic strips as well as write our own.

FASHION
Students will learn the basic elements of fashion design so they may learn how to design and make clothes.

PAINTING
Introduction to basic painting skills, including using watercolors and oil paints. Students will also work with three dimensional materials.

POTTERY
Pottery, a.k.a. ceramics (with a soft ‘c’ in English), combines both the craft of making functional items, such as cups, bowls etc., and an art form: sculpture. We will explore both areas in this club. You have to like getting dirty—it’s also great for the skin.

COMPUTERS

DIGITAL IN FOCUS/STORYTELLING
The Digital In Focus/Storytelling Club allows students to create digital stories and short videos that describe current events happening around us. Participation in the club gives students who have an interest in publications and journalism a chance to bring the lesser known stories of Anatolia “in focus”. You will learn how to create your own digital stories and short videos as well as improve your writing skills. All students are welcome.

Summer Programs Club
SCIENCE & TECHNOLOGY

The club aims to encourage students to explore science and technology outside of the classroom through speeches, discussions with distinguished scientists, organized visits to museums and institutes, and the composition of various texts from different scientific fields. The announcement of the new group and communication between members is facilitated through a blog, and the operation of our team is supported by a special site.

- Summer Programs Clubs

GAMES

BOARD GAMES

There are many types of board games. Some require patience, others skills; some require analytical thinking and others encyclopedic knowledge. There are some games which favor the lucky one, but there are others where memory or speed determine the winner. One thing is certain: board games are very entertaining for the young and old alike. During the meetings, we shall learn how to play many board games and play we will—a lot! Teachers are also welcome!

BRIDGE

Like chess, bridge is a mental activity. It’s a game that sharpens the mind in interesting and entertaining ways. Join us as we learn and play the game of bridge.

CHESS

The club is open to all students whether they know how to play chess or not. The best players will become members of the Anatolia team which will play friendly and official matches with students from other schools.

SUPERHERO FUN CLUB

By using comic books, novels and movies, students will become familiar with their favorite superheroes. They will form teams and sketch their own comics.
HUMANITIES

DELF
Students will prepare for the DELF exams. Emphasis will be on speaking, writing and listening skills. Levels: A2 (meets Friday in 215) and B1 (meets Friday in 216).

DEUTSCHER CLUB
Students will become familiar with German Culture. They will help with the Christmas Bazaar preparations and help organize the trip to Germany (open to Lykeion students only). In November, the preparatory courses for the B1 level exams will begin, and in January, the courses for the A1 and A2 levels will begin.

GREEK NATURE AND CULTURE
Students will work individually or in small groups. Each group or student will choose a region of Greece and give a presentation to highlight the obvious and hidden beauties of our country. Club members will have the chance to visit the areas of their interest.

LIBRARY CLUB
We read books that will appeal to you! Discover that reading aloud is not just for little kids! This will be a time for pleasure reading. Let yourself visit people and places full of adventure, inspiration, fantasy, mystery, humor etc. Everyone loves reading independently but you will find out that you will enjoy being read to as well!

LITERATURE APPRECIATION
Want to explore the world through reading? We’ll study classic and contemporary books from different cultures around the world and talk about them. We’ll discuss and analyze approximately one book every four weeks. Hurry—we only have room for up to twelve members!

•    Summer Programs Club
NATURE & HEALTH

BEAUTY & NUTRITION EXPERIMENTS
If you want to become even more attractive and learn how to eat healthy, you should join us. In this club you will learn healthy eating tips, and the basic rules that will help you make your own diet. You will create your own perfume, soap and natural, fresh cosmetics.

BIOLOGY
Students will learn how to isolate and cultivate microbes and observe colorful colonies using a microscope. They will study how genes transfer from parents to the next generation and finally be able to understand what cloning and bioethics are all about.
• Summer Programs Club

COMMUTER KNOW-HOW
Students will focus on transportation in Thessaloniki. With the assistance of a Google map, they will find efficient and smart ecological methods to get around. They will explore safety issues as well as the mechanics of cars, motorcycles and bikes.
• Summer Programs Club

COOKING
We will explore the world of taste by cooking (and eating!) both Greek and international dishes. Yum!

ECOLOGY
The club aims to bring students closer to their natural and man-made environment. Discussions, slide and video presentations, lectures, and visits to various places of environmental interest will give students the opportunity to become familiar with the world around them. The club will participate in national and European projects.
• Summer Programs Club

FIRST AID
Members learn basic first-aid skills which can be applied to help someone in need of assistance and even save a life.
LOOKING GOOD

This club is for all students who wish to look good! Learn how to shed those unwanted kilos.

PUBLICATIONS

All publications clubs qualify for Summer Programs Club

AOKIMES

For this Greek-language literary publication, students use their imagination and talent to express themselves on the topic of their interest. Students may submit poems and prose, and those with artistic talent are invited to submit their drawings for the cover page and inside pages of AOKIMES 2012. Students will regularly meet with club advisors to discuss their work.

GREEK LITERARY CONTESTS

Students interested in participating in Poetry or Prose Contests are welcome to submit their work. Announcements will be made before certain due-dates.

MAOHTIKOS KOSMOS

Students will be on the staff of the Greek-language school newspaper. They will write articles of specific or general interest: cultural and athletic activities, interviews, news, commentaries. The articles are usually accompanied by student photographs or sketches.

PEGASUS

Are you an active writer? Find out how to submit your writing and artwork to Pegasus, the Anatolia English-language literary magazine, enter an international young writers’ competition, or spread your Pegasus wings and get published internationally. The club welcomes your poetry, stories, micro fiction, creative nonfiction, art, and photography, and gives you plenty of constructive feedback.
YEARBOOK PHOTOGRAPHY

Students will learn the tricks of photography. They will take pictures to be used in *The Anatolian 2013* (the yearbook) and other literary publications.

YEARBOOK 2013

The meetings will be organizational in nature. Students will work individually and in groups, preparing different sections of *The Anatolian*, our yearbook. Only those that can make a firm commitment to work throughout the year should join. All students are welcome.

SOCIAL AFFAIRS

BANKS IN ACTION

The program involves eight sessions. Using games, role play and case studies, students are introduced to fundamental aspects of the banking industry (deposit/loan products and related interest rates). Students will also participate in a computer simulation consisting of three rounds: teams of 2-3 students “run” a bank and make decisions while aiming to outperform competing teams from all over Europe. The young ‘bankers’ will also learn to use skills of cost evaluation, financial planning and risk management to solve banking case studies. The best eight teams will travel to Brussels to participate in the final European banking competition (banking simulation and creativity challenge).

- Summer Programs Club

FEELING GOOD AT SCHOOL

This club aims to improve your life in school. It will help you better understand yourself, and your relationships with other students and your teachers. Students who feel better at school are more successful and can contribute to the improvement of the overall school climate.

SIGN LANGUAGE

Club members will learn a new means of communication and will become familiar with a different world which may not prove to be silent.
WELFARE

This extra-curricular activity aims to provide those involved—students and faculty—with a social consciousness that will drive them to think about their presence and role outside this college on a local, national and international level. We will get involved in our community in a variety of ways, including visiting several organizations that help those less fortunate than we.

- Summer Programs Club

STEM

All STEM clubs qualify for Summer Programs Club

CULTURAL & ENVIRONMENTAL RESEARCH AND EXCURSIONS

Students will meet to discuss research plans and organize excursions to various cultural places of environmental interest. Only students who regularly attend the club meetings will take part in the excursions.

GO GREEN

The members of this club will spread the idea of “Going Green.” They will take part in several activities, projects and presentations to promote environmentally friendly and sustainable activities. There will be planned student trips in Greece and abroad.

i-GEM (International Genetically Engineered Machine)

Students will experiment with synthetic biology, build simple biological systems from standard interchangeable parts and operate them in living cells. The best students will be selected to represent the school at the International i-GEM competition.

STEM

The members of this club will participate in several projects examining scientific, technological and mathematical aspects. They will also learn how to ask and answer some of the important questions regarding the above fields.
ACSTAC

Students (forms 3-6) in this club will work with teacher mentors to help prepare their presentation for the Anatolia College Science and Technology Annual Conference in March.

- Summer Programs Club

**PERFORMING**

All performing clubs qualify for Summer Programs Club

**FORENSICS**

Public Speaking Activities in English

Forensics Directors: L. Andoniou, P. Pappas

**DEBATE**

Students will develop their debating skills and learn the parliamentary style of debating. All debaters will prepare for the PanHellenic Forensics Tournament, researching and debating topics of current interest. Some debates will be impromptu. The nine best debaters will be selected to debate in the Forensics tournament. There will also be opportunities to debate in Athens in competitions in November and April.

**DUET ACTING**

Students will attend acting workshops and will then be coached in a two-person scene.
FORENSICS TIMEKEEPERS

The annual Forensics Tournament is a big event and you can be part of it by joining the Timekeepers’ club. You will be introduced to all the Forensics events and become informed of all the responsibilities a timekeeper has. Once you get to know the basics, it’s guaranteed fun! Perhaps at the end of the tournament you will even be voted “most helpful timekeepers”!

GROUP DISCUSSION

Students will experience the ultimate in idea-sharing. They will research a topic and then share their ideas in an organized discussion.

IMPROMPTU SPEAKING

The impromptu speaking is a two-to-three minute speech on a topic unknown to the contestant until immediately before his/her performance. (It’s fun!)

ORAL INTERPRETATION

“Oral Interpretation of Literature” is simply a fancy way of saying “reading out loud.” But to read a text out loud effectively involves, first, understanding it, and then, using your voice expressively to convey its meaning. There’s an art to that – which you will learn.

This club is about reading funny literature aloud. Together with your coach, you will choose a piece of writing and develop skills to bring out the humour and originality in the language to entertain your listeners.

ORATORY

Students write and deliver speeches on topics of their own choosing, building up to a memorized speech of about 8 minutes.
OTHER PUBLIC SPEAKING ACTIVITIES

EUROPEAN YOUTH PARLIAMENT
Members will work with two goals in mind: (1) to increase awareness of the European Community among Anatolia’s students; (2) to prepare for the various selection phases prior to the national competition in December in which delegates are selected to represent Greece at the next international session.

GREEK IMPROMPTU SPEAKING
Students will learn the art of impromptu speaking: they will exercise quick wit, originality of ideas, and logical coherency by presenting a two-three minute speech on a topic unknown to them until immediately before their performance. They will practice on a weekly basis and then form the school’s team to take part in the Greek Rhetoric Tournaments.

GREEK RHETORIC DEBATE
Club members will first obtain information on an issue of general interest. Students will then work in groups and, following the rules of dialectic, will try to convince members of the opposing team of the accuracy of their positions. Two teams will prepare to participate in the Greek Debate Competition that is organized by the Ministry of Education and the Cultural Center of Delphi.

GREEK ORATORY
Students gather information on a social, cultural or political subject and prepare a 5-6 minute speech in which they try to convince the audience of the accuracy of their statement. There will be a Greek Oratory Tournament in February 2012.

GREEK ORAL INTERPRETATION
Love literature and performing? Do both! Under the guidance of a teacher, students will learn to interpret a selected piece of Greek literature that they will present at the annual competition.
JUNIOR ENGLISH DEBATE

This club will introduce students to parliamentary debate. Meetings will focus on building confidence and style in public speaking and learning how to construct an argument.

MODEL UNITED NATIONS CLUB

The MUN-club welcomes students interested in the workings of the United Nations and the "life" of a diplomat. Students do research in an area of global importance and learn about the interests and commitment of different countries. Workshops on composing resolutions and amendments, addressing fellow delegates, and on how to be a diplomat (delegate and/or chair), etc. will be organized. Regular attendance for students interested in participating in any of the conferences abroad is required! There will be separate meetings for 3rd formers and Lykeion students, so listen carefully to the morning announcements.

MUSIC

BAND OF THE BANDS
We ask all school bands to gather together to rehearse songs to be played at school events. At the end of the year, the Club will organize an “Anatolia Live Rock Show.” Students who would like to become part of a band will be able to create their own group within the club.

Advisor: K. Katsos
Forms: 2-6
Day: Friday
Place: Pappas Hall (beginning Feb)

BYZANTINE MUSIC
Students will have the opportunity to gain basic knowledge about Byzantine music and discover a tradition that can be found not only in the Orthodox Church but also in modern music.

Advisor: A. Papaioannou
Forms: 1-5
Day: Tuesday
Place: 315

CHRISTMAS CONCERT
Members are selected after an audition, and then learn and present songs for the Christmas concert.

Advisor: K. Trypani
K. Katsos
O. Stefa
Forms: 1-6
Day: Wed. & by appt.
Place: Tracy Hall

MUSIC APPRECIATION
Students will listen to various music to improve their appreciation for music and discover new types of music. There will be discussion about the creation of certain pieces of music. Students will match up music with photographic images as well.

Advisor: V. Krimnianiotis
Forms: 1-6
Day: Wednesday
Place: 303

ORCHESTRA
Students who play classical music instruments will audition to form a small orchestra. This orchestra will perform at concerts.

Advisor: S. Alevizos
Forms: 1-6
Day: Wed/Fri & by appointment
Place: Library Basement
PERFORMING ARTS

DRAMA

This club is for those students who are keen on all aspects of theater. Beginning with a text and bare stage, we will work through the process of putting on a musical together.

Advisors: H. Marshall
C. Douris
S. Karakouta
K. Katsos
T. Moralis

Forms: 3-6
Day: Wed/Thu/Fri
Weekends
Place: Raphael Hall

FIRST AND SECOND FORM FORENSICS

The First and Second Form Forensics Club will introduce you to the basic dramatic skills that you need to use in Forensics activities, including duet acting, oral interpretation, impromptu speaking, and oratory. You will learn how to use facial expressions, gesture, body movement, and your voice as dramatic tools and have a lot of fun while at it! You need to like acting, speaking and movement. We will organize a performance for the end of the year.

Advisors: H. Hondropoulos
E. Zika

Forms: 1-2
Day: Thursday
Place: Tsipos Hall / 227

GREEK DANCE

Club members learn traditional Greek dances and then participate in various events in and out of the school.

Advisor: G. Antoniadou

Forms: 1-6
Day: Thursday
Place: A' Side Gym

GREEK THEATER

Students will learn basic preparation for theater performance (relaxation, breathing, movement) and then rehearse for a theatrical production. A spirit of cooperation and team effort is cultivated among the students and toward the directors, a feeling that is passed on to the spectator.

Advisors: V. Efstathiou
T. Fotiades
I. Kazantzi

Forms: 1-6
Day: Tue/Wed/Thu
Weekends
Place: Pappas Hall

JUNIOR GREEK PLAYERS

Calling all first and second formers who love theater and performing! We’ll play acting games, rehearse skits, and have a lot of fun—in Greek! We’ll also organize a performance for the end of the year.

Advisors: P. Perakaki
E. Seremeti

Forms: 1-2
Day: Friday
Place: Tsipos Hall
**SPORTS EXERCISE**

### **3 on 3**

Girls and boys will have the chance to form and name their own teams and participate in an in-school basketball tournament. There will be many shooting competitions. Practices will also take place to prepare 1st formers for the gymnasium basketball tryouts in 2nd form.

**Advisor:** M. Stamoulos  
**Forms:** 1-6  
**Day:** Thursday  
**Place:** B' Side Bask. Courts

### **7 on 7**

Girls and boys will have the chance to form and name their own teams and participate in in-school soccer tournaments.

### **AMERICAN SPORTS**

Learn how to play American sports such as American football, in the fall, and baseball, in the spring. We will also play games such as ultimate Frisbee and Capture the Flag.

**Advisor:** D. Gadaire  
**Forms:** 1-3  
**Day:** Wednesday  
**Place:** B' Side Alumni Field

### **CHEERLEADING**

Students will learn basic cheerleading moves, cheers and gymnastics. You will become more flexible, take part in basketball games, and perform at the Christmas Bazaar.

**Advisor:** S. Kapnias  
**Coaches:** D. Iliou, M. Paschali  
**Forms:** 4-5 + IB1  
**Day:** Friday  
**Place:** B' Side Fitness Room

### **JUDO**

Students will learn the basic skills involved in Judo. Those who have some experience will be able to earn the "belts" of their levels. Whichever category you fit into, one thing is for sure: Judo is a fun, safe form of exercise that all can enjoy!

**Advisor:** N. Maliaropoulos  
**Forms:** 1-3  
**Day:** Wed/Fri  
**Place:** Gym

### **TENNIS**

This club is for students who would like to learn how to play tennis or improve their tennis skills. Club members may participate in different categories in the school tennis tournament.

**Advisor:** S. Boubaki  
**Forms:** 1-6  
**Day:** Beginners: Mon/Thur, Advanced: Tues/Wed  
**Place:** Tennis Courts/215
Students participating in Anatolia Sports Teams (Gymnasium and Lykeion) should attend the meetings that will be announced in the morning assemblies. Participants will be selected by the following coaches and escorts:

**Basketball**
- Boys' (1-3): K. Zlatanos, Thursday, Outside Courts
- Boys' (4-6): K. Zlatanos, Wed/Fri, Gym/Court 2
- Girls' (1-6): F. Alexiadou, Thursday, Gym

**Soccer**
- Boys' (1-3): T. Hatzistathis, Thursday, Alumni Field
- Boys' (4-6): T. Hatzistathis, Wednesday, Alumni Field
- Girls' (1-6): D. Kyriaki, Wednesday, A' Side Field

**Volleyball**
- Girls' (1-6): M. Michaelidis, Wednesday, Gym/A&B Side Volleyball Courts
- Boys' (1-6): M. Michaelidis, Wednesday, Gym/A&B Side Volleyball Courts

**Handball**
- Boys' (1-6): K. Zlatanos, Tuesday, Gym

**Track and Field**
- Boys’ & Girls’ (1-6): Y. Halkia, T. Kelesidou, Wednesday, Alumni Field
Club Information

Students should always listen to morning announcements and keep an eye on the club notice boards around the school to check on the times and meeting places of the clubs listed. If you have any questions, do not hesitate to check with the Student Services Office.

A club member must attend weekly meetings and be an active participant. By November 16 you must choose which clubs you want to be a permanent member of. Please tell the club advisor you would like to be a permanent member of his/her club and discuss your responsibilities with him/her. There may be a maximum number of members allowed in certain clubs; therefore, it would be wise to tell the club advisor of your choice as soon as possible.

Club advisors award certificates to their members at the end of the year. Active members of each club will receive a club participation card and those who go above and beyond the club’s requirements will receive a certificate of excellence. The certificate of excellence will be given at the end of the year at a special ceremony during morning assembly and certificates of participation will be given to you by your club advisor at the last club meeting.

Attendance will be taken at all club meetings.

Extra-curricular awards are given to deserving 6th form students at the Commencement Ceremony. They are selected on the following criteria:
- Depth of involvement and quality of achievement
- The number and range of activities: attendance, the number of years in a particular club or clubs, and the number of clubs.
- Cooperation and interaction with fellow students and faculty advisors.
1ST FORM CLUB PARTICIPATION PROGRAM

1. Club Participation Card
Each student will receive a club participation card to which he/she must attach a photo. This card is to be kept in a plastic folder and the student must always carry it with him/her. The card must be handed to the Student Services Intern by December 14th completed with 15 signatures and again by April 12th completed with 30 signatures. Make sure that your card is clean and clearly written, and that signatures are put exactly in the space provided by the advisors. In October students will receive a Club Booklet with a listing of all the clubs. It is important that students listen to the morning announcements for details and read the bulletin boards.

2. Requirements
A. Clubs are divided into 3 categories:
   - Performing Arts: Forensics, theater, music, Greek dance, etc.
   - Sports
   - ESCAPE: Environmental, Science/Social, Creativity, Arts, Publication and Education Clubs.

B. Students should attend a variety of clubs until November 16th to determine which clubs they want to be a permanent member of. After November 16th, students should regularly attend the clubs they want to be members of. Attendance will be taken.

C. When a student attends a club meeting he/she must stay for the whole hour. Students are not allowed to attend 2 clubs during one big break.

D. Students should politely ask for signatures at the end of the hour. They should make sure their cards are completely filled and are signed by the advisor.
   Signatures from the advisors of the intramural games count as part of the requirement. Parade practices and student council meetings do not.

3. Counseling
Ms. Proestopoulos, Ms. Perakaki, and Ms. Iller, the S.S. Fellow, will meet with students the second week of school to explain the program. Ms. Perakaki and Ms. Iller will meet with all the students individually by the beginning of October and once again in November. They will make frequent visits to classrooms to make sure students are following the program.
US COLLEGE COUNSELING OFFICE
ENRICHMENT PROGRAMS

ANATOLIA VOLUNTEER CORPS

Volunteer service-learning through the Anatolia Volunteer Corps
- Promotes learning through active participation
- Provides structured time for students to reflect by thinking, discussing and/or writing about their service experience
- Provides an opportunity for students to use skills and knowledge in real-life situations
- Extends learning beyond the classroom and into the community
- Fosters a sense of caring for others

Interested students should drop by our office and complete an interest form, then meet with Leighanne Regan, Katy Nowiszewski and/or Eva Kanellis to determine which projects might best suit them, meet their needs and interests, and allow them the greatest impact.

Cookies and Conversation
Do you need to improve your conversational English? Join us once a week to snack on cookies and discuss popular topics in the news like Sports, Film, and Nutrition. There will be native speakers to help you practice your fluency and build your confidence in English!

Forms: 1-4
Day: Tuesday
Times: 1:10-1:40
Place: US College Counseling Office
Coordinator: L. Regan & K. Nowiszewski

Dorm Tutor
Become a tutor to Gymnasium students in the Dorm. Teach them how to develop proper study skills and encourage students to study effectively. Tutors will be asked to tutor 1-2 hours per week. Languages needed: Greek, English, German, French, or Spanish

Forms: 4-6
Day: Monday – Thursday
Times: 5:00 – 7:30pm
Place: Dorm
Coordinator: L. Regan, D. Gadaire, K. Whittaker
IB Liaison: P. Derluyn

Soup Kitchen
There are many people less fortunate than we are. Most of the programs our students take part in involve: feeding homeless people, organizing and distributing clothing donations, babysitting while parents attend job training, etc.

Forms: 4-6
Day: Saturdays
ARSIS is a non profit organization that aims towards helping and supporting refugee children and young adults. All members of the staff and volunteers conscientiously help these children in many ways: counseling, problem solving, assisting with homework, career counseling, finding shelter, legal support, etc. Languages needed: Greek, English, Albanian, or Bulgarian. 1-2 hours per week.

Forms: 4-6
Day: Monday – Thursday
Times: 2-6 pm or 6-9 pm
Place: Arsis (city center)
Coordinator: L. Regan
IB Liaison: I. Michaelidou

Adopt a Grandparent – Harisseio Home for the Elderly
Students will have the opportunity to brighten the lives of pappoudes and yiayiades. During each visit, students spend time talking, playing cards and board games, and generally developing relationships with their adopted pappou or yiayia.

Forms: 4-6
Day: Thursday & Friday
Times: 4-7pm
Place: Harisseio (Kato Toumpa)
Coordinator: L. Regan
IB Liaison: S. Vasilikioti, A. Kalkani

There is no substitute for experience. With this in mind, the Anatolia College Office of U.S. College Counselling has organized an Internship and Mentorship Program for students which introduces them to successful professionals willing to share their work world, thereby giving students an insider's perspective into the careers that most interest them.

**Internship**: A work-related experience, developing hands-on experience in occupational field. Some examples include: Sciences, Medical Related, Business and Marketing, etc.

**Mentorship**: A supportive relationship established through which a professional shares with a student first hand his/her knowledge, skills, and experiences. Some examples include: Engineering, International Relations at local Consulates, etc.

Anatolia internships/mentorships in Thessaloniki take place weekly, biweekly, or monthly throughout the academic year. Internships and mentorships begin in October. Participation from October to May is mandatory.

If you have a special interest, come by the US College Counseling Office and we will connect you with a professional in the area so you can explore your interest.
The IB organizes a number of activities that comprise part of IB students’ CAS (Creativity/Action/Service) program, a compulsory core module within the IBDP. Satisfactory completion of CAS requires engagement with a variety of activities, and evidence of achievement of specified learning outcomes. Most of the CAS activities take place after school and at times that IB students agree upon every year, in cooperation with their CAS advisor. Due to the complex nature of CAS and the considerable demands that the IBO asks of students in relation to their CAS program, the number of places is limited. Lykeion students would be welcome to join any of the activities described below although applications will be accepted subject to availability of places.

1) Anagennisi Rehabilitation Center
Activity leader: A. Pyrovetsi
Volunteers work and participate in sports activities, organize painting or arts and crafts workshops and socialize with patients who have mobility disabilities and are rehabilitating. Students are encouraged to bridge the gaps between ideals and reality and become responsible adults and caring citizens. Those joining the activity will visit the center at N. Raidestos once a week and engage in any of the activities available.

2) Antirida—Papageorgiou Hospital
Activity leader: I. Kazantzi
The association of Antirida has been created in support of the Papageorgiou General Hospital’s patients and their families. Volunteers help in welcoming and supporting patients or members of their families, facilitating communication and undertaking secretarial or recreational responsibilities. Students visiting the hospital at N. Eukarpia on Saturday mornings would have to schedule their visit early in the week.

3) Company Program: Inspire Success Though Real Business Experience!
Activity Leader: A. Liotia, A. Pyrovetsi
Friday, 7th period, Compton 6
The Company Program provides real experience in business enterprise. It is an excellent opportunity to try out setting up and running a business. Students form a mini-corporation under the guidance of volunteer business advisors. Through a variety of hands-on activities, from exploring a mission for the company to producing and marketing products, students become familiar with business and entrepreneurship content, while enhancing their innovative thinking. With regular meetings held on a weekly basis, students go through the aspects of company formation, accounts, business planning, sales and marketing, up until liquidation. Student companies participate in National and European Competitions and Trade Fairs.

4) ELEPAP
Activity leader: I. Kazantzi
ELEPAP is a Greek non-governmental organization with a long history of dedication to the rehabilitation of children with disabilities. Students participate in a special day care program that offers pre-school training to children over 18 months old. More specifically, volunteers help feed children up to 5 years old and assist them in their everyday personal needs.
5) Environmental Projects
Activity leaders: I. Michaelidou
This project is an attempt to organize environmental action, both in terms of raising awareness and doing hands-on activities. The main directions for the first year of the project will be: forming, conducting and analyzing an in-school questionnaire concerning environmental awareness, regular beach-cleaning and tree-planting sessions in areas around Thessaloniki, organizing recycling and composting at school as well the celebration of Earth day (April 22nd). Additional ideas for activities are expected to come from the students.

6) IB Journal
Activity leader: I. Kapsidou, V. Manitakis
Students contributing to the IB Journal will have the opportunity to demonstrate their writing skills through the writing of articles on various topics related to school life, personal interests, hobbies and other topics that would be interesting for their peers to read. School events are covered by our IB “journalists” through articles and photographs, while the journal may also feature different types of pieces, such as quizzes, questionnaires and interviews. The IB Journal group meets before each issue in order to discuss ideas, while the rest of the work is done electronically under the supervision of the teacher responsible. Up to now, the journal has been very successful in keeping everyone updated about life in the IB campus.

4) “Special Students for Special Children”
Activity leader: V. Manitakis
The purpose of the meetings is to create a common ground (space and time) for students to meet and interact with adolescents with special needs. The group will start its meetings after mid-October in order to prepare and organize some activities and to discuss possible problems and concerns. Students with previous experience working with special needs people are welcome along with students that have experience in working collaboratively (YMCA Summer Camp, Theatre groups etc).

3) SOS Village
Activity leader: A. Pyrovetsi
The purpose of SOS Children’s Villages (SOS-KINDERDORF) is to help children who are in need of care because they have lost their parents or are homeless for other reasons. SOS Children’s Villages provide abandoned, orphaned and destitute children with a new and permanent home, employing a family approach, and remain in charge of these children until they are able to look after themselves. Students interested in joining this activity would be expected to visit the SOS village in Plagiari, Thessaloniki once a week and to plan and carry out an activity for a small group of young children staying at the village. The choice of activity is up to students and could include for example arts and crafts, foreign language tutoring, or musical instruments.

2) Visits to Agios Dimitrios
Activity leaders: E. Antonakou, A. Lionta
Agios Dimitrios (KE.PE.P.) is a public legal entity, supervised and sponsored by the Ministry of Health, which provides close care and education for children and young people in the form of semi-autonomous units of family life. Located within walking distance from the school campus, the Institution offers our students the opportunity to participate in the afternoon volunteers’ program. This involves working and socializing with young people with special needs, organizing and participating in activities and creating valuable interpersonal relationships.
Students should always listen to morning announcements and keep an eye on the club notice boards around the school to check on the times and meeting places of the clubs listed. If you have any questions, do not hesitate to check with the Student Services Office.
