ANATOLIA COLLEGE

EXTRA-CURRICULAR PROGRAM

2009-2010
ANATOLIA COLLEGE
EXTRA-CURRICULAR ACTIVITIES
2009-2010

The members of the Student Services Office would like to express their appreciation to all the teachers and volunteers who offer clubs, thereby continuing an Anatolia tradition that began in 1886. We thank them for their time, energy and devotion.

Last year, the Summer Programs Office and the Student Services Office piloted a project with great success. Members of the Mystic Aquarium Club were given the opportunity to travel to Mystic Aquarium in the USA with their club advisors to put into practice what they learned throughout the school year.

Our aim this year is to incorporate more summer programs into other clubs. This will help students get a preview of the summer program and actually prepare for the experience.

Opportunities for Summer Program Clubs will be in the areas of math, biology, physics, theater arts and crafts, Spanish, environmental studies, engineering, dance, journalism, writing, pre-medicine, and others.

Read the club descriptions to find which clubs are part of the Summer Program Clubs. If a club that you are interested in is not presently matched with a Summer Program, contact the US College Counseling Office and they will try to identify a summer program for you.
Students should always listen to morning announcements and keep an eye on the club notice boards around the school to check on the times and meeting places of the clubs listed. If you have any questions, do not hesitate to check with the Student Services Office.

SOCIAL AFFAIRS

FRIENDSHIP
The Friendship Club is your chance to talk about friendship issues, the ways you build strong and healthy relationships, and how you face problems or conflicts. It's nice to share your feelings with other people and even nicer to do it through fun activities and group-games! Join us with... or without your friends.

STRESS AND EXAM PREPARATION
Students will have the chance to learn how to prepare better for their final exams and how to control the accompanying stress and stressors. Stress control techniques will be discussed along with any other individual concerns. Come, relax and succeed!

SOCIAL AWARENESS
Students will form groups and discuss social issues that interest them. They will then research those areas and incorporate the research in their project.

WELFARE
This extra-curriculum activity aims at providing those involved - students and faculty - with a social consciousness that will drive them to think about their presence and role outside this college on a local, national and international level. In particular, we plan to work towards the above by employing various methods such as visiting several organizations that help those less fortunate than we.

Club Information

1. Students should always listen to morning announcements and keep an eye on the club notice boards around the school to check on the times and meeting places of the clubs listed. If you have any questions, do not hesitate to check with the Student Services Office.

2. A club member must attend weekly meetings and be an active participant. By November 27 you must choose which clubs you want to be a permanent member of. Please tell the club advisor you would like to be a permanent member of his/her club and discuss your responsibilities with him/her. There may be a maximum number of members allowed in certain clubs; therefore, it would be wise to tell the club advisor of your choice as soon as possible.

3. Club advisors award certificates to their members at the end of the year. Active members of each club will receive a club participation card and those who go above and beyond the club’s requirements will receive a certificate of excellence. The certificate of excellence will be given at the end of the year at a special ceremony during morning assembly and certificates of participation will be given to you by your club advisor at the last club meeting.

4. Attendance will be taken at all club meetings.

5. Extra Curricular awards are given to deserving 6th form students at the Commencement Ceremony. They are selected on the following criteria:
   
   - Depth of involvement and quality of achievement
   - The number and range of activities: attendance, the number of years in a particular club or clubs and the number of clubs.
   - Cooperation and interaction with fellow students and faculty advisors.
1. Club Participation Card
Each student will receive a club participation card to which he/she must attach a photo. This card is to be kept in a plastic folder and the student must always carry it with him/her. The card must be handed to the Student Services Intern by December 12th completed with 15 signatures and by April 3rd completed with 30 signatures. Make sure that your card is clean, clearly written and signatures are put exactly in the space provided by the advisors. In October students will receive a Club Booklet with a listing of all the clubs. It is important that students listen to the morning announcements for details and read the bulletin boards.

2. Requirements
A. Clubs are divided into 3 categories which are the following:
1. Performing Arts: clubs such as Forensics, theater, music, Greek dance, etc.
2. Sports
3. ESCAPE: Environmental, Science/Social, Creativity, Arts, Publication and Education Clubs.

B. Students should attend a variety of clubs until December 8th to determine which clubs they want to be a permanent member of. After December 8th, students should regularly attend the clubs they want to be members of. Attendance will be taken.

C. When a student attends a club meeting he/she must stay for the whole hour. Students are not allowed to attend 2 clubs during one big break.

D. Students should politely ask for signatures at the end of the hour. They should make sure their cards are completely filled and are signed by the advisor. Signatures from the advisors of the intramural games count as part of the requirement. Parade practices and student council meetings do not.

3. Counseling
Ms. Proestopoulos and Mr. Tsikardonis, the Student Services Intern, will meet with students the second week of school to explain the program. Mr. Tsikardonis will meet with all the students individually by the beginning of October and once again in November. He will make frequent visits to classrooms to make sure students are following the program.
Students should always listen to morning announcements and keep an eye on the club notice boards around the school to check on the times and meeting places of the clubs listed. If you have any questions, do not hesitate to check with the Student Services Office.
ANATOLIA VOLUNTEER CORPS

Volunteer service-learning through the Anatolia Volunteer Corps

- Promotes learning through active participation
- Provides structured time for students to reflect by thinking, discussing and/or writing about their service experience
- Provides an opportunity for students to use skills and knowledge in real-life situations
- Extends learning beyond the classroom and into the community
- Fosters a sense of caring for others

Interested students should drop by our office and complete an interest form, then meet with Georgia Proestopoulo or Eva Kanellis to determine which projects might best suit them, meeting their needs and interests and allowing them the greatest impact.

Anatolians @ Work

There is no substitute for experience. With this in mind, the College Counseling Office organised an Internship and Mentorship Program for students which introduces our students to successful professionals willing to share their work world, giving students an insider’s perspective into the careers that most interest them.

Robotix Mentorship

Join the mentorship program to be part of the Robotics Research and Development team for 6 months. Learn how to work in groups, how to plan and manage a project, how to brainstorm and develop interpersonal skills such as communication, presentation and writing skills. Be prepared to work on interactive music, mobile robotics, and mood lighting. Can you be the inventor of the year?

Advisor: A. Kanouras
Forms: 4-6
Day: Biweekly meetings held on Thursdays
Times: 3:30 – 4:45
Place: Anatolia College

International Relations Mentorship

Students get to learn about and discuss international issues, work together towards finding a solution, learn about international relations and diplomacy, gain speaking skills, prepare presentations, and visit various consulates.
